Independent community for business process management professionals

[Welcome to our new Community Site for BPM Professionals!](#)

Reint Jan Holterman | BPM Leader

BPM Leader, the largest independent community for business process management professionals worldwide, announces the first truly global BPM expert network and community site where you can find the latest insights, ideas and best practices on Business Process Management, Workflow, Lean Six Sigma and related domains.

Being a strictly independent platform, BPM Leader brings together over 8,000 BPM professionals, bloggers, industry experts, users, vendors, consultants and analysts, making it the largest independent BPM community for knowledge sharing in the world.

[Process, Learning & The Division of Labour](#)

Craig Reid | The Process Ninja

With every piece of new work or indeed any new experience we undertake in our lives we go through a process of learning. We may watch the task, repeat the task, read about the task – there are many different ways ...

[BPM and the Bigger Picture](#)

Gerrit ten Haaken | Paradime BV

I've been working in the arena of BPM for a while. Coming from a business application background, I always had an undeniable interest in applying (technical) solutions in real life – business – situations. Although I love technical innovation and ... [Read more](#)

[Lean Six Sigma: Service versus Industry](#)

Peter Matthijssen | BiZZdesign

The industrial sector has been applying Lean Management and Six Sigma for decades. For many service organizations these methods are much more of a novelty. You could say that the service sector runs about 20 years behind on the industrial ... [Read more](#)

[Mobile for Better Availability of Process Information](#)

Martijn Meijer | Meilleur Marketing

In my previous post, I explained how mobile devices play a crucial role in process monitoring and process modeling as well as in collaboration. The availability of the right information at the right time at the right place is one ... [Read more](#)

[Five Considerations when Starting BPM](#)

Reint Jan Holterman | BPM Leader

Companies start with Business Process Management (BPM) to solve urgent business problems. Problems might include that the throughput time is too long, the process contains errors, or the compliance criteria are not met. Solve urgent business problems BPM can solve ... [Read more](#)

[BPM and Social Media](#)

Reint Jan Holterman | BPM Leader

Today, there is a lot of discussion about how Business Process Management (BPM) and social media can enrich each other. The topic comes up at almost every BPM software meeting and BPM conference. This blog provides an overview of how ... [Read more](#)

[Mobile BPM to Collaborate, Model and Monitor](#)

Martijn Meijer | Meilleur Marketing

With the explosive growth of the use of mobile devices, it is obvious to question what would be the added value of mobile BPM. The extend to which you can use mobile BPM highly depends on the actual ... [Read more](#)
